

COMPANY PROFILE + HISTORY

TECHNOLOGY IN MOTION.

For over 25 years, we have engineered door drives and conversion solutions – reliable, safe and highly specialised. Today, our systems move lift doors all over the world.

Technical excellence

We are committed to sustainability through the creation of durable, long-lasting products. Our door drives are certified by TÜV, an independent German organisation that rigorously tests for safety and quality. For our customers, this ensures safety they can rely on, without question.

Innovative and pragmatic

Through continuous development and the courage to break new ground, we have earned the trust of global market leaders such as TK Elevator, OTIS, KONE, and Schindler, as well as smaller lift maintenance companies. What sets us apart is our commitment to simplicity: products that are easy to install and solutions that remain straightforward – from product development to after-sales support.

CONTACT + SALES

ALWAYS HERE FOR YOU – THAT'S OUR PROMISE.

Whether you use our digital search function or speak directly with our experts, we make it quick and easy for you to find the right solution.

1. Request a quote by uploading a photo

Simply upload a picture of the existing drive, and we'll identify the model and provide you with a suitable quote.

2. Find your Door

Our door search engine will guide you to the right conversion kit in just a few clicks.

3. Expert advice on the right product

Expert hotline: +49 2552 927910 (Mo–Thu: 8:00–16:45, Fri: 8:00–15:00)
Email: info@lul-ing.de

OUR SOLUTIONS

A PERFECT FIT FOR EVERY DOOR.

Smart solutions for every requirement.

Anyone repairing or modernising a lift needs the right system – quickly and reliably, without long wait times. That's why we've developed more than 500 conversion kits. Whether TK Elevator, OTIS, KONE or Schindler: we offer the right solution for all common door types.

- **Tailor-made solutions:** the right fit for over 500 doors.
- **Immediately available:** All products are in stock and ready to ship.
- **Easy to install:** Conversion packages designed for quick installation, with step-by-step instructions, pre-assembled modules, and tailor-made components.
- **Compatible with all major brands:** TK Elevator, OTIS, KONE, Schindler, and more.
- **Direct support:** If you have any issues, our specialists are here to help by phone or email.

OUR SERVICES

WE MAKE WORKING WITH US SIMPLE.

Support without the wait times – direct help from experts.

Our solutions are designed to impress – not only in operation but also during installation. That's why we keep things simple: readily available products, easy installation, and a support team that's always within reach. The result? Saving you time and money.

- **The right spare part – at any time:** Simply upload a photo, we'll identify the model, and you'll receive the right offer.
- **Digital support:** Our Find Your Door tool takes you to the right solution in just a few clicks.
- **Always there for you:** Our technical support experts are available to assist you directly, by phone or online.
- **On-site installation support:** For complex projects, we guide you step by step until everything fits perfectly.
